ADDENDUM #1
FC-7105, PARKING OPERATIONS MANAGEMENT SERVICES AT
HARTSFIELD-JACKSON ATLANTA INTERNATIONAL AIRPORT

Answers to Questions for Inclusion in Addendum #1

1. **QUESTION:** Would the City consider removing the requirement for airport experience and just say parking experience without the number of spaces in a single location but more the aggregate of the combined spaces throughout an operation.

RESPONSE: No.

2. **QUESTION:** Please provide a copy of the current Labor Union contract.

RESPONSE: The City is not a party to any labor union contract regarding the parking operations management service at the Airport. However, a copy of the Labor Union Contract between Standard Parking Corporation at Atlanta International Airport and NAGE/SEIU dated January 3, 2011 has been attached for your review (Addendum Attachment No 2).

3. **QUESTION:** Please provide a copy of the current contract for Parking Operations Management Services.

RESPONSE: Documents regarding the current parking operations management services are open and available to the public. However, the City has chosen not to provide such documents in response to requests posed through this procurement process. The current contract, including its scope of service, is broader than the contract the City is trying to let through this procurement and believes providing such information may be unintentionally misleading to prospective proponents. Public documents may be requested pursuant to the Georgia Open Records Act (O.C.G.A. sec. 50-18-70, *et seq.*); however, please note that due to the volume of information sought through an open records request, such information may not be available until after the date proposals are due under this procurement.

4. **QUESTION:** Will the HJAIA Parking Manager recuse them self from the Evaluation Committee as was done in the past?

RESPONSE: The H-JAIA Parking Manager will not be on the evaluation committee for this project.

5. **QUESTION:** Should proponents create a Subcontractor Project Plan document, or will the Office of Contract Compliance provide the format for this document?

RESPONSE: Form EBO#3 located in Appendix A is provided by The Office of Contract Compliance for all proponents to submit their Subcontracting Plan. This form is not to be altered or recreated.

6. **QUESTION:** Please clarify the location in the RFP which describes the requirement of Joint Venture as was stated multiple times at the Pre-Proposal Conference.

RESPONSE: There is no Joint Venture requirement for this RFP. However, the city strongly encourages the use of Joint Ventures.

7. **QUESTION:** Would the Department of Aviation at the Hartsfield – Jackson Atlanta International Airport be willing to consider a slight modification (15,000 space requirement) in the bidder qualification requirements in order to receive more competitive bids?

RESPONSE: See modification to Section 3, Minimum Qualifications of Part 1 of the RFP set forth in the attached documents below.

8. **QUESTION:** What is the total contract value based upon? Is it operating expenses or is it the management fee?

RESPONSE: The management fee paid to the prime contractor.

9. **QUESTION:** What is the current bond amount for the current contract at the Airport?

RESPONSE: See updated Exhibit D and Exhibit D-1 attached hereto.

10. **QUESTION:** Can we get a copy of the performance bond currently in place?

RESPONSE: See updated Exhibit D and Exhibit D-1 attached hereto.

11. **QUESTION:** Duration on performance bond - can it be renewable on an annual basis? or does it have to be issued for the entire initial term?

RESPONSE: See updated Exhibit D and Exhibit D-1 attached hereto.

12. **QUESTION:** Is the cost of the bond a reimbursable expense?

RESPONSE: No. See page 102 of the solicitation document.

13. **QUESTION:** Can we get a copy of the current operating contract for this operation?

RESPONSE: Documents regarding the current parking operations management services are open and available to the public. However, the City has chosen not to provide such documents in response to requests posed through this procurement process. The current contract, including its scope of service, is broader than the contract the City is trying to let through this procurement and believes providing such information may be unintentionally misleading to prospective proponents. Public documents may be requested pursuant to the Georgia Open Records Act (O.C.G.A. sec. 50-18-70, *et seq.*); however, please note that due to the volume of information sought through an open records request, such information may not be available until after the date proposals are due under this procurement.

14. **QUESTION:** What operating expenses is the operator responsible for that will come out of our proposed management fees?

RESPONSE: Any non-reimbursable expenses and any liquidated damages assessed against the prime contractor.

15. **QUESTION:** What is the current management fee being charged by Standard?

RESPONSE: The current management fee payable to Standard Parking for Contract Year 5 (the last year of the Term) amounts to \$423,408.

16. **QUESTION:** Shuttle operation - can we get a breakdown on the amount paid in shuttle repairs per month by vehicle for the last 12 months?

RESPONSE: Please see the information attached marked Addendum Attachment No 1 in response to this question.

17. **QUESTION:** RFP page 102, i: This section mentions a proposal guarantee but we could not find any additional reference to a proposal guarantee in the document. Could you please verify that a proposal guarantee is required and the amount?

RESPONSE: See updated Exhibit D and Exhibit D-1 attached hereto.

18. **QUESTION:** RFP page 240, I: RFP page 262 defined "Total Contract Value" as total management fees paid prime contractor during the initial term of the Agreement. Is this the number we should use when determining the amount of the Performance Bond? It is industry standard to have the bond annually renewable, we are assuming this is acceptable. Please confirm.

RESPONSE: See updated Exhibit D and Exhibit D-1 attached hereto.

19. **QUESTION:** RFP page 19, Item 5: This section discusses an eight (8) month budget. At the meeting it was mentioned that you wanted submitted a full year's budget. Please clarify what you would like us to submit.

RESPONSE: See modification to Item #5, of Part 3, Evaluation of Proposals of the RFP set forth in the attached documents below.

20. **QUESTION:** RFP page 101, Section 9: Exhibit A, Scope of Services, discusses reimbursement for the transition budget. Does the City want that transition budget included in the first year budget numbers or separately in the transition requirement section?

RESPONSE: The transition budget should be included in the first year's budget.

21. **QUESTION:** RFP page 143: This section defines the number of shuttle buses (94), courtesy carts (7), Trucks & Vans (33) that the selected parking operator will manage. Our insurance charges us different rates based on if the vehicles transport the public/passengers (not employees). Can you identify, out of the 33 trucks and vans, how many are currently used to transport passengers/public?

RESPONSE: Presently, four (4) of the 33 Trucks and Vans are used to transport customers.

22. **QUESTION:** RFP page 240, Item G: The requirements for Fidelity/Crime Bond calls for "...an amount not less than 100% of the total value of the contract..." Can you define this

amount? Can you please provide the current policy limit?

RESPONSE: See updated Exhibit D and Exhibit D-1 attached hereto.

23. **QUESTION:** General: We have several requests for additional information. Can you please provide the following documents:

- a. Current SOP Manual
- b. Sample of the required monthly reports per page 9, 2.2.1.6
- c. Copy of the last internal audit performed by the City
- d. Amount of Cashier shortages reimbursed by the current operator for the latest 1 year period
- e. The performance bonus amount and associated documentation awarded the current operator for the most recent two years
- f. The annual management fee paid to the current operator for the previous 3 years
- g. A copy of the agreement and any addendum for the current operation

RESPONSE:

23. (e) - Zero;

23. (f) - FY2012-\$312,709; FY2013-\$420,551 and FY2014-\$421,692. (Note: Fiscal year period equals July 1-June 30);

Other than the information provided above for Questions 23(e) and 23(f), the City will not provide any additional information. See response to question no. 13 above.

24. **QUESTION:** Currently does the airport have a valet parking management system in place? If so can you please provide the year, make, and model of the system?

RESPONSE: Yes. It is fully integrated with our parking revenue control system. ASCOM Transport System (now Xerox) installed the system and it was tested and accepted in 2012.

25. **QUESTION:** Is the current parking revenue control system PCI compliant? If not, what plans do the airport have to get there, whose responsible for monitoring the PCI compliance, the airport or the operator; and at whose cost?

RESPONSE: Yes.

26. **QUESTION:** Will valet parking service be offered at the International terminal location?

RESPONSE: No, not at this time.

27. **QUESTION:** How many spaces does the airport intend to allocate for the service?

RESPONSE: Assuming this question relates to the valet parking service, the Airport has allocated up to 300 spaces; however the actual number will depend on the demand.

28. **QUESTION:** Does the airport have a current area to wash and detail vehicles?

RESPONSE: No.

29. **QUESTION:** In the pre-proposal meeting the OCC representative stated the with this project only proposals from Joint Ventures entities would be accepted. This statement was questioned and reaffirmed. However, in our review of RFP document, no such requirement has been found. Indeed, language throughout the document indicates that submitting as a JV is one option but not a requirement (for example see Part 1, Section 3..."Where the Proponent is a joint venture..."). Please clarify this matter.

RESPONSE: Please see answer to question #6.

30. **QUESTION:** Please provide a detail of staffing for shuttle services currently providing services for the Park & Ride routes.

RESPONSE: See page 202 of the solicitation documents (RFP Attachment 9) for the information the City has to provide regarding this question.

31. **QUESTION:** It has been noted that there construction is currently impacting the use of shuttles for the North Terminal. Please provide the estimated time of said construction and provide the Airport's intent of shuttle service once construction is complete.

RESPONSE: Completion of the roadway improvement is anticipated in early winter 2014.

32. **QUESTION:** Section 3 on p. 8 of 275 has minimum qualifications; for joint ventures. If a joint venture submits where no one participating firm holds a clear majority share, i.e. 50%/50% or 40%/40%/20%, will the JV meet the minimum qualifications so long as one of the partners meets the minimum qualifications?

RESPONSE: If a Joint Venture is utilized and in using the example given in your question, 50% to 50% or a 40% to 40% to 20%, if one of the firms with 50% interest and 40% interest has the minimum qualifications then the Joint Venture will meet the qualifications. The Joint Venture agreement must be signed by all the parties (companies) involved in the Joint Venture.

33. **QUESTION:** Does Section 3 A (and 2.1.1/2.1.2) require the JV to be licensed to do business in GA at the time of proposal submission?

RESPONSE: There is no Joint Venture requirement for this RFP. However if a Joint Venture is utilized each company in the Joint Venture should have their own individual business license.

34. **QUESTION:** Section 13.2 provides the right to audit as 6 years after termination of the Agreement. Would the City consider modifying this language to be a rolling 6 year period. After 'year one' of the contract, Service Provider would maintain the documents for 6 years?

RESPONSE: No, the City will not make the suggested change.

35. **QUESTION:** Section 15: Service Provider's damages against the airport are limited to the total of all charges paid during the current year. Would that be a limit of the management fee?

RESPONSE: Yes, the maximum aggregate liability of the City will not exceed the amount of the management fee payable to the Service Provider during the operative year of the Agreement.

36. **QUESTION:** Section 17: Would the City consider changing this language to allow the Service Provider the ability to terminate for an event of force majeure lasting 30 or more days.

RESPONSE: No, the City will not make the suggested change.

37. **QUESTION:** Exhibit A, I B 1: Is equipment repair cost reimbursable?

RESPONSE: Yes, after the appropriate authorization is received. See the terms of the attached Agreement and the additional documents attached thereto.

38. **QUESTION:** Reimbursable expenses on p. 103 of 275: Will software licenses and maintenance agreements for PARC be on the list?

RESPONSE: See modification to Exhibit A, Scope of Services section IV (A) Item #7(a) of the RFP set forth in the attached documents below.

39. **QUESTION:** Please provide a detail of liquidated damages assessed during the term of the current parking management contract with options.

RESPONSE: Recently, a \$2,000 liquidated damages assessment was issued to the current service provider for failure to submit timely reports to DOA in accordance with the terms of the contract. This is the only occurrence of DOA assessing liquidated damages against the current contractor.

40. **QUESTION:** Are the current employees represented under a collective bargaining agreement? If so, which union represents the employees?

RESPONSE: Please see the Responses to Questions No. 2 and 13 above.

41. **QUESTION:** RFP Document Part 2, section 2.2.1.3 requires that we include a proposal for valet parking. However, the described scope of services mentions valet parking twice but does not provide any information on the service desired by the Airport. Can the City please provide proposed details of your desired valet parking service including such areas that will be provided to the Service Provider to operate a valet service? These areas should include a description of valet staging and storing areas including the total number of storage space that will be dedicated to valet parking service.

RESPONSE: The City of Atlanta, Department of Aviation is seeking a company with the expertise to manage and operate a first class valet service. The objective of this service is to further enhance the level of customer service, satisfy a niche, while maximizing the utilization of the parking areas. The airport is seeking creative, innovative techniques and processes designed to meet and exceed airport customers' expectations. There are two staging areas identified for drop-off and pick-up, which are located on level 3 of South Hourly Deck and on level 1 of North Daily Deck. The South Deck staging area is comprised of 130 spaces and the North

Daily deck is comprised of 147 spaces for the valet service. The storage area will be configured based upon demand with up to 300 spaces initially. The storage location has not been finalized at this time. The valet operation shall be operated 24 hours a day, seven (7) days a week, three hundred sixty-five (365) days a year in an efficient and fiscally responsible manner. The Valet Parking System (VPS) is fully integrated with the Parking Revenue Control System that utilizes on-line connectivity to transmit data between the various field lane equipment, back-office workstations and the Central service.

42. **QUESTION:** RFP Document Part 2, section 2.6, requires the submission of an operating budget, "...which includes permitted subcontracting services (i.e. security, valet services, ect)." Part 2 Section 2.7 requires the submission of a management fee.

RESPONSE: Statement, no question to answer.

43. **QUESTION:** Scope of Service, Item H.4.c.) Requires a separate operating budget for Valet parking. Is this separate budget to be submitted if the service is not subcontracted?

RESPONSE: Whether services are subcontracted or not, proponents are required to submit a proposed, itemized operating budget that covers all services required in the Scope of Services attached to the form of Agreement included in the solicitation documents.

44. **QUESTION:** As the City may not determine to use a proposed valet parking service, if the service is not subcontracted, should the proposers include a separate management fee for valet services?

RESPONSE: See modification to Exhibit A, Scope of Services, Section II (H) item #4 of the RFP set forth in the attached documents below.

45. **QUESTION:** Can you confirm that this RFP requires submission as Joint Venture?

RESPONSE: Please refer to the Response provided for question #6 above.

46. **QUESTION:** Attachment 10, Hourly Wages, does not include an hourly wage rate for Valet Parking Attendants. Please provide.

RESPONSE: DOA has no additional information to provide in response to this question.

47. **QUESTION:** Should a Joint Venture include a certified MBE/WBE firm, can the participation in the JV be counted toward the MBE/WBE goals of the contract?

RESPONSE: There is no Joint Venture requirement for this RFP. If a Joint Venture is utilized, the Minority or Female business participation can self-perform part of the required goals for one of the particular categories and that participation can count towards the MBE/FBE goals required. When using a company with dual certifications, MBE/FBE, proponents need to determine which category a subcontractor will be used.

48. **QUESTION:** Page 240 of the RFP, (Performance Bond) states that contractor is required to furnish a Bond in the amount of 100% of the total contract. Is this based on annual value to be renewed each year over term? Also, what is included in the contract value to make up the bond amount?

RESPONSE: See updated Exhibit D and Exhibit D-1 attached hereto.

49. **QUESTION:** Is a bid bond required?

RESPONSE: No.

50. **QUESTION:** Who handles the credit card processing/clearing house, airport or contractor?

RESPONSE: Contractor will handle this.

51. **QUESTION:** Exhibit D, Item I. requires a performance bond equal to 100% of the total contract value. Can this be changed to be annual contract value?

RESPONSE: See updated Exhibit D and Exhibit D-1 attached hereto.

52. **QUESTION:** Services Agreement – Section 2.3

States that if City exercises its options to renew beyond the initial 3-year term, then Service Provider's compensation during the renewal term shall be set by City Council, based "on an average of the amount paid during the initial three (3) year term."

This differs from the Management Fee language in Exhibit A (pages 115 & 116) which states that the Management Fee in the optional years will be the same as the fee in the preceding contract year but increased by the lesser of 3% or the CPI.

Should proposers assume that the Management Fee language in Exhibit A will govern over this Sec. 2.3?

RESPONSE: See modification to Part 5, Services Agreement, Section 2.3.1 of the RFP set forth in the attached documents below.

53. **QUESTION:** Exhibit D – Insurance & Bonding Requirements (page 240)

Indicates that a Performance Bond equal to 100% of the total contract value for the duration of the entire term is required.

This could amount to a Performance Bond of over \$50 million dollars, the cost of which will ultimately be passed along to the City in the form higher management fees. The current contract calls for a performance bond equal to one year's management fee, renewed annually. This would not only be our preference but is in line with what we typically see in the industry.

Would the City revise the Performance Bond requirement to the equivalent of the annual management fee?

RESPONSE: See updated Exhibit D and Exhibit D-1 attached hereto.

54. Appendix A – Office of Contract Compliance Requirements

Equal Business Opportunity M/FBE Goals (page 262):

Indicates an 18.1% MBE (AABE, APABE & HABE) goal and 8.3% FBE goal.

- a. **QUESTION:** And states that 'participation percentage shall be calculated by measuring total dollar value of work provided by AABE (African American) and FBE subcontractors'.

So is the 18.1 % MBE (which could be African American, Asian Pacific American & Hispanic American) or just African American?

RESPONSE: 'The participation percentage' shall be calculated by measuring the total dollar value of work provided by COA certified AABE, APABE & HABE.

- b. **QUESTION:** States that '...participation percentage shall be calculated by measuring total dollar value of work provided ... against the total contract dollar value (Management Fees) paid to prime proponent.

RESPONSE: Refer to response in 54(e).

- c. **QUESTION:** Will participation be measures as a percentage of total contract value (which would include reimbursable expenses?) or is it just Management Fees?

RESPONSE: Refer to response in 54(e).

- d. **QUESTION:** Or will it be total contract value, less certain reimbursable expenses? For example, the total contract value less the Contractor's direct payroll expenses?

RESPONSE: Refer to response in 54(e).

- e. **QUESTION:** Please specify what MBE/FBE participation will be measured against.

RESPONSE: b, c, d and e: The MBE/FBE goal participation percentage (18.1 MBE and 8.3 FBE) will be measured against the management fees only.

- f. **QUESTION:** If a subcontractor is both MBE and FBE certified and performs work under two separate and distinct subcontracts, may one contract be designated MBE and the other FBE?

RESPONSE: If Proponents submit a proposal with a subcontractor with dual certifications (i.e. AABE/FBE), Proponents will only get credit for using a subcontractor in one category. It is up to the Proponent to decide which category the subcontractor will be used in a particular contract for minority business participation purposes.

55. **QUESTION:** Although not indicated in the RFP, it was stated at the Pre-Proposal Conference that the City is requiring proposers to form Joint Venture entities with MBE/FBE firms to meet EBO goals.

If the City is mandating such JV relationships in order to qualify for this contract, please provide specific requirements for the JV, including; ownership percentages, whether MBE or FBE, contractual requirements, and other requirements for submittal.

RESPONSE: Please refer to the Response provided for question #6 above.

56. **QUESTION:** Will the Contractor be required to maintain separate credit card processing merchant IDs for each PRCS component (currently 134 MIDs)?

RESPONSE: Yes.

57. **QUESTION:** Please specify at what rates the City will reimburse the Contractor for employer paid health care costs. Please specify for single coverage, plus 1 coverage and family coverage.

RESPONSE: Pursuant to the RFP, Pg. 99 Item (4), "The maximum reimbursement for insurance plan premiums shall not exceed 60% for single or family coverage."

58. **QUESTION:** Who will be responsible for any difference between the cost reimbursed by the City and the actual cost to the Contractor, as provided for under the Collective Bargaining Agreement?

RESPONSE: The Contractor will be responsible for any difference between the cost reimbursed by the City and the actual cost incurred by the Contractor under any agreement Contractor may have with its workforce, including but not limited to a collective bargaining agreement or labor union contract.

If, at any time, this leave provision combine with Federal or State Law, has the effect of requiring the Company to pay premlums beyond twelve (12) weeks under the FMLA or sixty (60) days on account of illness or injury, the Union and Company agree to develop language that will limit the Company's duty to pay premiums to twelve (12) weeks under FMLA or sixty (60) days illness or injury.

The Company is required to provide any other relevant information or

The Company and the Union shall strike from said list alternately, striking one (1) name each time, until one (1) arbitrator is left and he or she shall be the arbitrator for the particular case. The right to strike first shall be determined by the flip of a coin.

If mutually agreed upon by both the Company and the Union, an arbitrator may be solicited and selected from the American Arbitration Association (AAA) in lieu of using the Federal Mediation and Conciliation Service.

The Arbitrator's cost and expenses shall be borne by the losing party. The arbitrator's award shall determine the losing party. If there is a split decision in which neither party can be designated as the losing party, the costs shall be borne equally.

The decision of the arbitrator shall be final and binding on both parties. The arbitrator shall not have the power to add to, disregard, or modify any of the terms of this agreement.

Within forty-five (45) calendar days of the final Company decision at Step 3, the parties will meet with a jointly-selected mediator in an attempt to resolve the grievance. The mediation shall be non-binding and the obligation to submit to the procedure is conditioned on their being no fee to the mediator, and upon the entire proceeding being inadmissible at arbitration, including evidence, issues and settlement offers. In the event that Service Provider does not comply with such submittal requirements within the time period established by the solicitation documents applicable to the Agreement, City may, in addition to any other rights City may have under the solicitation documents applicable to the Agreement or under applicable law, make a claim against any proposal security provided by Service Provider.

If the Service Provider is an entity (e.g., corporation, limited liability company, etc.) or a partnership (e.g., general partnership, limited partnership, joint venture, etc.) then Service Provider shall tender insurance certificates and bonds in the name of Service Provider's entity or partnership as the primary insured.

Service Provider must promptly obtain a new policy or bond issued by an insurer acceptable to City and submit to City evidence of its compliance with these conditions.

Service Provider's failure to comply with all insurance and bonding requirements set forth in this Exhibit D and applicable to the Agreement will not relieve Service Provider from any liability under the Agreement. Service Provider's obligations to comply with all insurance and bonding requirements set forth in Exhibit D and applicable to the Agreement will not be construed to conflict with or limit Service Provider's indemnification obligations under the Agreement.
